FOR IMMEDIATE RELEASE

September 20, 2022

BAKER JOINS DON WOOD FOUNDATION STAFF

The Don Wood Foundation, a private foundation dedicated to the advancement of manufacturing, entrepreneurship, and related education in the region, has expanded their staff, formally adding Nadine Baker to their team.

Baker will serve as the Grants and Scholarships Manager and will be additional support to the administration of the Foundation's grants program by collaboratively working with the program team and grantees. She will be responsible for tracking grant outcomes, preparing summary reports, and will assist in training prospective applicants on the grant process. Baker will also be tasked with developing a robust scholarship program for the Foundation.

Baker is a graduate of Grace College and joins the Foundation with over 15 years of nonprofit experience and has expertise in customer relationship management, reporting, and data accuracy.

"Nadine's knowledge and aptitude in the nonprofit sector in addition to her ability to connect and maintain partnerships was everything we were looking for when filling this role," said executive director Laura Macknick. "We're anxious to see how she helps the Don Wood Foundation expand in Northeast Indiana."

The Don Wood Foundation serves to align opportunities between students, community, and industry by growing and strengthening the manufacturing sector in the region. To learn more about the Don Wood Foundation, visit their website at www.DonWoodFoundation.org.
